LOK Corporation

Our Network - Your Strength

Company member

To assure the best possible service to our customers, from our office based in St-Petersburg, our native speakers focus their efforts to translate all Medical material into Russian.

Are you concerned about the cultural impact your email may have, even in English? Or you need to translate crucial slides from your PowerPoint presentation? We will help!

On your website, would you like to be able to answer requests from Russian speaking visitors? Let us provide the solution!

Are you launching a new marketing campaign and would like to assure that your branding is respected through an appealing message for the Russian speaking markets? We know how!

During exhibitions, don't miss any Russian prospects by having signage in your booth saying in Russian "Welcome to our booth" and we will assist you with the rest (flyers in your stand with your Russian number, email and website to communicate with)! Be more proactive in your customer care.

Alliance Medical provides accurate and cost-effective medical translation to medical companies worldwide.

We understand that medical Companies provide large quantities of information. From regulation documents, clinical studies, manuals, marketing material and case reports, the selection of the information to prioritize in translation is not always obvious!

Our expertise in the medical field brought us to create flexible solutions that will provide you all the information that is vital for your Russian speaking audience.
